

CURRICULUM VITAE
Katherine Rebecca White
katherine.r.white@ubc.ca
(604) 250-4801
<https://orcid.org/0000-0002-4319-9692>
Updated: May 2026

EDUCATION

In progress PhD, Population and Public Health
University of British Columbia
Advancement to candidacy: June 2024

Nov 2021 MSc, Occupational and Environmental Hygiene
University of British Columbia

May 2011 BA, Psychology
University of British Columbia

Certificates and Training

Jul 2024: Climate Change AI Summer School (CCAI)
Mar 2023: Certificate for Advanced Teaching and Learning (CATL)
Mar 2023: Centre for the Integration of Research, Teaching, and Learning
(CIRTL) - Scholar
Jul 2020: Centre for Teaching and Learning (CTLT) - Instructional Skills
Workshop (ISW)

SCHOLARSHIP

PUBLICATIONS

May 2026: Google Scholar, total citations: 591, h-index: 7

Peer Review Publications

1. Bigazzi, A., Berjisian, E., **White, K.R.**, Frank, L. (2026). Methodological advancements to estimate the climate impacts of household travel in Vancouver. *Transportation Research Part D: Transport and Environment*, 115.
<https://doi.org/10.1016/j.trd.2026.105308>

2. Yoon, L., Belotti, G., Stern, R., **White, K.R.**, Mohhajer, A., Zhao, A., Miranda, E., Siao, E., Le, T., Masuda, J., Lee, E., Buse, C. (2025). To cool or not to cool: Understanding and transforming cooling centre use in Metro Vancouver through community-based participatory action research. *Environmental Research: Health*, 3. <http://doi.org/10.1088/2752-5309/ada6f4>
3. Gemmel, E., Adjei-Boadi, D., Sarkar, A., Shoari, N., **White, K.R.**, Zdero, S., Kassem, H., Pujara, T., Brauer, M. (2023). "In small places, close to home": Urban environmental impacts on child rights across four global cities. *Health & Place*, 83. <https://doi.org/10.1016/j.healthplace.2023.103081>
4. Frank, L.D., Adhikari, B., **White, K.R.**, Dummer, T., Sandhu, J., Demlow, E., Hu, Y., Hong, A., Van den Bosch, M. (2022). Chronic disease and where you live: Built and natural environment relationships with physical activity, obesity, and diabetes. *Environment International*, 158. <http://doi.org/10.1016/j.envint.2021.106959>
5. Denyer, R., Morris, S. R., Greeley, B., Ferris, J. K., **White, K.R.**, Laule, C., Boyd, L.A., Weber, R.C. (2020). Learning-challenged youth show an abnormal relationship between fronto-parietal myelination and mathematical ability. *Journal of Neuroimaging*, 30, 648-657. <https://doi.org/10.1111/jon.12741>
6. Greeley, B., Weber, R.C., Denyer, R., Ferris, J. K., Rubino, C., **White, K.R.**, Boyd, L.A. (2020). Aberrant cerebellar resting-state functional connectivity related to reading performance in struggling readers. *Developmental Science*, 24(2). <http://doi.org/10.1111/desc.13022>
7. Weber, R. C., Denyer, R., Yeganeh, N.M., Maja, R., Murphy, M., Martin, S., Chiu, L., Nguy, V., **White, K.R.**, Boyd, L.A. (2019). Interpreting the preliminary outcomes of the Arrowsmith Programme: A neuroimaging and behavioural study. *Learning: Research and Practice*. <http://doi.org/10.1080/23735082.2019.1674908>
8. Dutton, D.G., **White, K.R.**, & Fogarty, D. (2013). Paranoid thinking in mass shooters. *Aggression and Violent Behavior*, 18(5), 548-553. <http://doi.org/10.1016/j.avb.2013.07.012>
9. Dutton, D.G., & **White, K.R.** (2013). Male victims of domestic violence. *New Male Studies: An International Journal*, 2(1), 5-17.

10. Dutton, D.G. & **White, K.R.** (2012). Attachment insecurity and intimate partner violence. *Aggression and Violent Behavior*, 17(5), 475-481.
<https://doi.org/10.1016/j.avb.2012.07.003>

Work in Progress

Including target journal, author list, and degree of completion

1. **White, K.R.**, Henderson, S., Labahn, S., Chen, S.X., Peterson, E., Chan, I., Brauer, M. (Under review) Indoor temperatures and the neighbourhood and housing environment: A mixed methods analysis of barriers to cooling among older adults. *Environmental Research: Health*
2. **White, K.R.**, Aravindakshan, A., Gemmel, E., Yoon, L., Karim, M.E. Housing tenure and health aging: Rental housing associated with lower self-rated health in cross-sectional analysis of older US adults. (95% complete)

Book Chapters

1. Kuczynski, G., Yu, X., Aravindakshan, A., Bhatti, P., Brooks, J., Doiron, D., Dummer, T., Syer, J., **White, K.R.** (2024). Cohort Studies and Context: Infrastructure to Support Cancer Prevention. In T. Dummer (Ed.) *Understanding Cancer Prevention through Geospatial Science*.
2. **White, K.R.** & Frank, L.D. (2023). Urban environments and obesity. In G. Bray, C. Bouchard, J. Kirwan, P. Katzmarzyk, L. Redman, P. Schauer (Eds.) *Handbook of Obesity, Volume 1: Epidemiology, Etiology, and Physiopathology*.
3. Dutton, D.G., Tetreault, C., **White, K.R.** (2017). Violence in the family. In P. Sturmey (Ed.). *The Wiley Handbook of Violence and Aggression*.
4. Dutton, D.G., Tetreault, C., Karakanta, C. & **White, K.R.** (2014). Psychological factors in intimate partner violence. In C. Mattson & C. Pietz (Eds.) *Violent offenders: Understanding and assessment* (pp. 186-215). New York, NY: Oxford Press.
5. **White, K.R.** & Dutton, D.G. (2013) Perceptions of female perpetrated violence. In B. L. Russell (Ed.) *Perceptions of female offenders: How stereotypes and social norms affect criminal justice responses* (pp.101-116). New York, NY: Springer.

PRESENTATIONS

Invited Presentations

1. White, K.R., Stern, R. (2026, Feb) “Sensing Heat” Project: An Interdisciplinary Approach to Older Adult Experiences of Extreme Heat. Presented to: [UBC Voices for Health Equity](#).
2. **White, K.R.** (2024, Apr) Barriers to extreme heat mitigation and adaptation in older adult households: Mixed methods analysis of a citizen science study in the City of Vancouver. Presented to: UBC Solution Scholar Summit.
3. **White, K.R.** (2023, Aug) Built environment, heat exposure, and older adult health outcomes. Presented to: UBC Interdisciplinary Research Symposium on Climate Change and Health.
4. **White, K.R.** (2023, June) The association of built environment, housing characteristics, and indoor heat exposure in the City of Vancouver. Presented to: Pathways to Equitable Healthy Cities Annual Consortium Meeting.
5. **White, K.R.** (2022, Aug) Examining greenspace metric and measurement method application in Metro Vancouver. Presented to: UBC Climate Change HEAL Cluster Summer Greenspace Symposium.
6. **White, K.R.** (2022, Feb) A comparison of greenspace metrics and measurement methods, and the relationship with neighbourhood walkability and deprivation in Metro Vancouver. Presented to: UBC Occupational and Environmental Hygiene Seminar Series.

Conference Presentations

1. White, K.R., Stern, R. (2026, Apr) “Sensing Heat” Project: An Interdisciplinary Approach to Older Adult Experiences of Extreme Heat. Oral presentation at [Friesen Conference: Climate Change in an Aging World](#), Vancouver, BC.
2. **White, K.R.**, Stern, R., Labahn, S., Chen, S., Peterson, E., Chan, I., Henderson, S., Brauer, M. (2025, Jan) Interdisciplinary and mixed method approaches to

understanding extreme heat: A community participatory study of older adults' experiences in Metro Vancouver. Poster presentation at Cascadia 2025: Occupational, Environmental & Population Health Conference, Blaine, WA, USA.

3. **White, K.R.**, Yoon, L., Chen, S., Labahn, S., Chan, I., Peterson, E., Brauer, M. (2024, Jan) Barriers to extreme heat mitigation and adaptation in older adult households: Mixed methods analysis of a citizen science study in the City of Vancouver. Oral presentation at Cascadia 2024: Occupational, Environmental & Population Health Conference, Blaine, WA, USA.
4. **White, K.R.**, Yoon, L., Chen, S., Labahn, S., Chan, I., Brauer, M. (2023, Nov) The association of built environment factors, high indoor air temperatures, and barriers to mitigation and adaption in household with older adult residents: Findings from a citizen science study in the City of Vancouver. Poster presented at the UBC Centre for Health Aging – Aging Better Together Symposium, Vancouver, Canada.
5. **White, K.R.**, Chen, S., Labahn, S., Chan, I., Brauer, M. (2023, Oct) The association of built environment factors and indoor temperatures in the City of Vancouver. Poster presented at the British Columbia Centre for Disease Control Research Week Conference, Vancouver, Canada.
6. **White, K.R.**, Brauer, M. (2023, Jan) The role of built environment and housing characteristics on indoor heat exposure and social isolation of older adults. Poster presented at the Annual Cascadia Symposium on Environmental, Occupational, and Population Health, Semiahmoo, USA.
7. **White, K.R.**, Weinberger, K, Wolff, C., Dummer, T., Frank, L.D. (2022, Sept) Quantification of green and walkable neighbourhoods across the distribution of social and material deprivation in Metro Vancouver, Canada. Poster presented at the 34th Annual Conference of the International Society of Environmental Epidemiology (ISEE 2022), Athens, Greece.
8. **White, K.R.**, Weinberger, K, Wolff, C., Dummer, T., Frank, L.D. (2022, Sept) Comparing greenspace metrics and buffer methods in Metro Vancouver, Canada: Implications for environmental health research. Poster presented at the 34th Annual Conference of the International Society of Environmental Epidemiology (ISEE 2022), Athens, Greece.

9. **White, K.R.**, Ferris, J., Schmidt, J., Boyd, L. (2017, June) Cortical thickness relates to mathematical ability in children and youth. Poster presented at the 23rd Annual Meeting of the Organization for Human Brain Mapping, Vancouver, BC.
10. **White, K.R.**, Schmidt, J., Ferris, J., Peters, S., Pedret, K., Boyd, L. (2017, June) Differences in default mode network in children with high and low working memory. Poster presented at the 23rd Annual Meeting of the Organization for Human Brain Mapping, Vancouver, BC.

Knowledge Translation

1. Extreme heat-related morbidity and mortality in Manitoba. (2025, June) Presented to: Manitoba Chief Provincial Public Health Officer.
2. Extreme heat-related morbidity and mortality in Manitoba. (2025, May) Presented to: Manitoba Heat Alert and Response Systems Committee.
3. City of Vancouver, Vancouver Coastal Health, BC Centre for Disease Control Indoor HEAT citizen science project results (2024, Jul) Presented to: City of Vancouver Sustainability Group.
4. City of Vancouver, Vancouver Coastal Health, BC Centre for Disease Control Indoor HEAT citizen science project results (2024, Jul) Presented to: Vancouver Coastal Health (VCH) Medical Health Officers.
5. City of Vancouver, Vancouver Coastal Health, BC Centre for Disease Control Indoor HEAT citizen science project results (2024, Jun) Presented to: Vancouver Coastal Health (VCH) Healthy Environments and Climate Change.

REPORTS

1. **White, K.R.**, Enriquez, E. (in preparation). Extreme heat-related morbidity and mortality in Manitoba. Prepared for: Manitoba Health, Seniors and Long-Term Care, Data Science Program.
2. Chan, I., Chen, S., Labahn, S., Peterson, E., **White, K.R.**, (2026) Vancouver's Indoor HEAT study: Key findings report on household exposure to ambient temperatures in

Vancouver from 2021-2023. Prepared for: Healthy Environments and Climate Change at Vancouver Coastal Health and City of Vancouver.

3. Frank, L.D., **White, K.R.**, Wolff, C., Haag, A. (2022). Where matters II: Health and GHG impacts of transportation and land use. Prepared for: Metro Vancouver Regional District, TransLink, BC Ministry of Transportation, City of North Vancouver, and Real Estate Foundation of BC.

TEACHING

Curriculum Development & Educational Leadership

Effective Feedback and Marking
 Introduction to Teaching Portfolios and Statements of Teaching Philosophy
 Communication Skills and Facilitating Difficult Conversations
 Creating a Course Canvas Page

Teaching Assistant

University of British Columbia, Graduate Courses:

Topics in Environmental Health
 Public Health, Transportation, and the Built Environment
 Quantitative Methods for the Assessment and Analysis of Exposure Data
 Approaches to Enquiry in Population and Public Health

University of British Columbia, Undergraduate Courses:

Environmental Health

SUPERVISION & MENTORING

2025	<i>Supervisor, UBC Integrated Science, Trainee: Kate Welbanks, Integrated Science Directed Study</i>
2024	<i>Supervisor, UBC Cognitive Systems Program, Trainee: Naomi Tung, Program Capstone Project: "Analyzing the relationship between areas with aging populations and vulnerability to climate change"</i>
2023-2024	<i>Project Advisor UBC Undergraduate Research Opportunities, Research Experience Program Poster presented at UBC 2024 Multidisciplinary Undergraduate</i>

	Research Conference: “Analyzing the relationship between areas with aging populations and vulnerability to climate change”
2022-2023	<i>Project Advisor UBC Undergraduate Research Opportunities, Research Experience Program</i> Poster presented at UBC 2023 Multidisciplinary Undergraduate Research Conference: “Exploring the relationship between greenspace and urban heat exposure”
2021-2022	<i>Project Advisor UBC Undergraduate Research Opportunities, Research Experience Program</i> Poster presented at UBC 2022 Multidisciplinary Undergraduate Research Conference: “Association between objective and perceived climate vulnerability and reported stress in Metro Vancouver”
2020-2021	<i>Project Advisor UBC Undergraduate Research Opportunities, Research Experience Program</i> Poster presented at UBC 2021 Multidisciplinary Undergraduate Research Conference: “The impact of blue space on the mental health of Metro Vancouver residents”
2018-2019	<i>Research Mentor Vancouver School Board Science Mentorship Program</i>
2015-2016	<i>Research Mentor Vancouver School Board Mentorship Program</i>

SERVICE

Peer Reviewer

Conference Abstracts:

International Society for Environmental Epidemiology (2022, 2023)

Conference Presentations:

Multidisciplinary Undergraduate Research Conference (MURC) University of British Columbia (2021, 2022, 2023)

Manuscripts:

Science Advances
Environmental Research Communications
Environmental Research Letters

FUNDING

Honours & Awards

2024-2025	\$50,000	Doctoral Fellowship, Health System Impact Program, Canadian Institutes of Health Research (CIHR)
2024-2026	\$80,000	Doctoral Award, Social Sciences and Humanities Research Council (SSHRC)
2023-2024	\$12,000	Solution Scholar, UBC Climate Solutions Research Collective
2021-2025	\$72,800	Four Year Fellowship (4YF), University of British Columbia, Distinction
2021-2025	\$2,850	President's Academic Excellence Initiative Award, University of British Columbia, Distinction
2019-2020	\$1,050	Faculty of Medicine Graduate Award, University of British Columbia, Distinction

Research Funding

2024, Sept	\$12,500	University of British Columbia Public Scholars Initiative (PSI) Research Allowance
2024, Jan	\$5,000	Pacific Institute for Climate Solutions (PICS) Climate Action Events Program Funding

PROFESSIONAL APPOINTMENTS

2026-	<i>Research Affiliate Program Student</i> , Climate Change and Health Office (CCHO) Heat Action Division, Health Canada
2023-	<i>Student Research Assistant</i> , Environmental Health Services, British Columbia Centre for Disease Control (BCCDC)
2021-	<i>Graduate Research Assistant</i> , Environmental Health Research Group, UBC ○ Supervisor: Dr. Michael Brauer
2021-	<i>Senior Teaching Assistant</i> , School of Population and Public Health, UBC

- 2020-2021 *Engagement Facilitator*, Occupational & Environmental Hygiene Seminar Series, UBC
- 2020- *Graduate Teaching Assistant*, School of Population and Public Health, UBC
- 2019-2021 *Graduate Research Assistant*, Health, and Community Design Lab, UBC
 - Supervisor: Dr. Lawrence Frank
